Brownouts hit Luzon

Metro now also reeling from power shortage

By Amy N. Sison

INTERRUPTED brownouts yesterday hit Luzon, including Metro Manila, because of the breakdown of contact rails of the island's three steel fixed power plants. More brownouts are expected in the coming days.

The power supply shortage is the worst in the history of the country, said the energy department. The two plants with last summer's brownouts were the last of the island's three steel fixed power plants.
